CAF Members Starting the Process

A CAF Member:

- Receives a Posting Message
- Registers on bgrsguide.bgrs.ca or the mobile app following the instructions on the Posting Message (may take up to 5 business days for BGRS to receive the file authorization from the CAF)
- Completes the Preliminary Relocation Assessment
- Through the Member Secure Website (MSW), the CAF Member is able to:
 - Start a chat
 - Book a Planning Session
 - Review the personalized Tasks created for their particular move
 - Visit the Knowledge Centre to learn from FAQs, Virtual Information Presentations and ReloFacts
 - Visit the Finances section to see their Move Budget

Customized Planning Sessions

CAF Members can book a 30-minute planning session, to discuss their particular situation with a BGRS Agent. This can include a tour of the Member Secure Website, assisting in clarifying sections in the CAF Relocation Directive, reviewing expense claims, etc.

To promptly secure a first planning session during the Active Posting Season (APS), CAF members need to book the session immediately after completing their Preliminary Relocation Assessment (PRA). The BGRS system prioritizes first planning session requests for the next 5 business days of the PRA being completed. Requesting a first session on day 4 after completing the PRA significantly reduces the priority element, as only 1 business day is left in the priority structure.

All subsequent requests for a planning session are based on availability.
